

Dear Parents/Carers,

Please find 2 weeks' worth of work for children to complete during their time off.

I have included a range of writing, maths, reading comprehension, spelling, punctuation, and grammar activities. Please ask children to spend 20-30 minutes on each activity. I would suggest children complete 2-3 pieces of work per day.

Reading

I will be sending home 'The Iron Man' book for children to read. This will be our class text when we come back to school. I would also encourage children to continue reading every day for at least 15 minutes per day. They can read any books that they enjoy reading.

History

When we come back, our new topic will be World War 1. I have included some research questions for children to look into if they wish to. These questions are just a guide, if your child would like to be more creative in their research then this is also encouraged.

Yours sincerely,

Miss White
